

Decades of rotary dial telephones.

And then came cable.

Before cable, innovation took a lifetime.

Television Broadband Telephone

A Great American Success Story

John West was laid off, twins on the way. Cable offered John a fresh start.

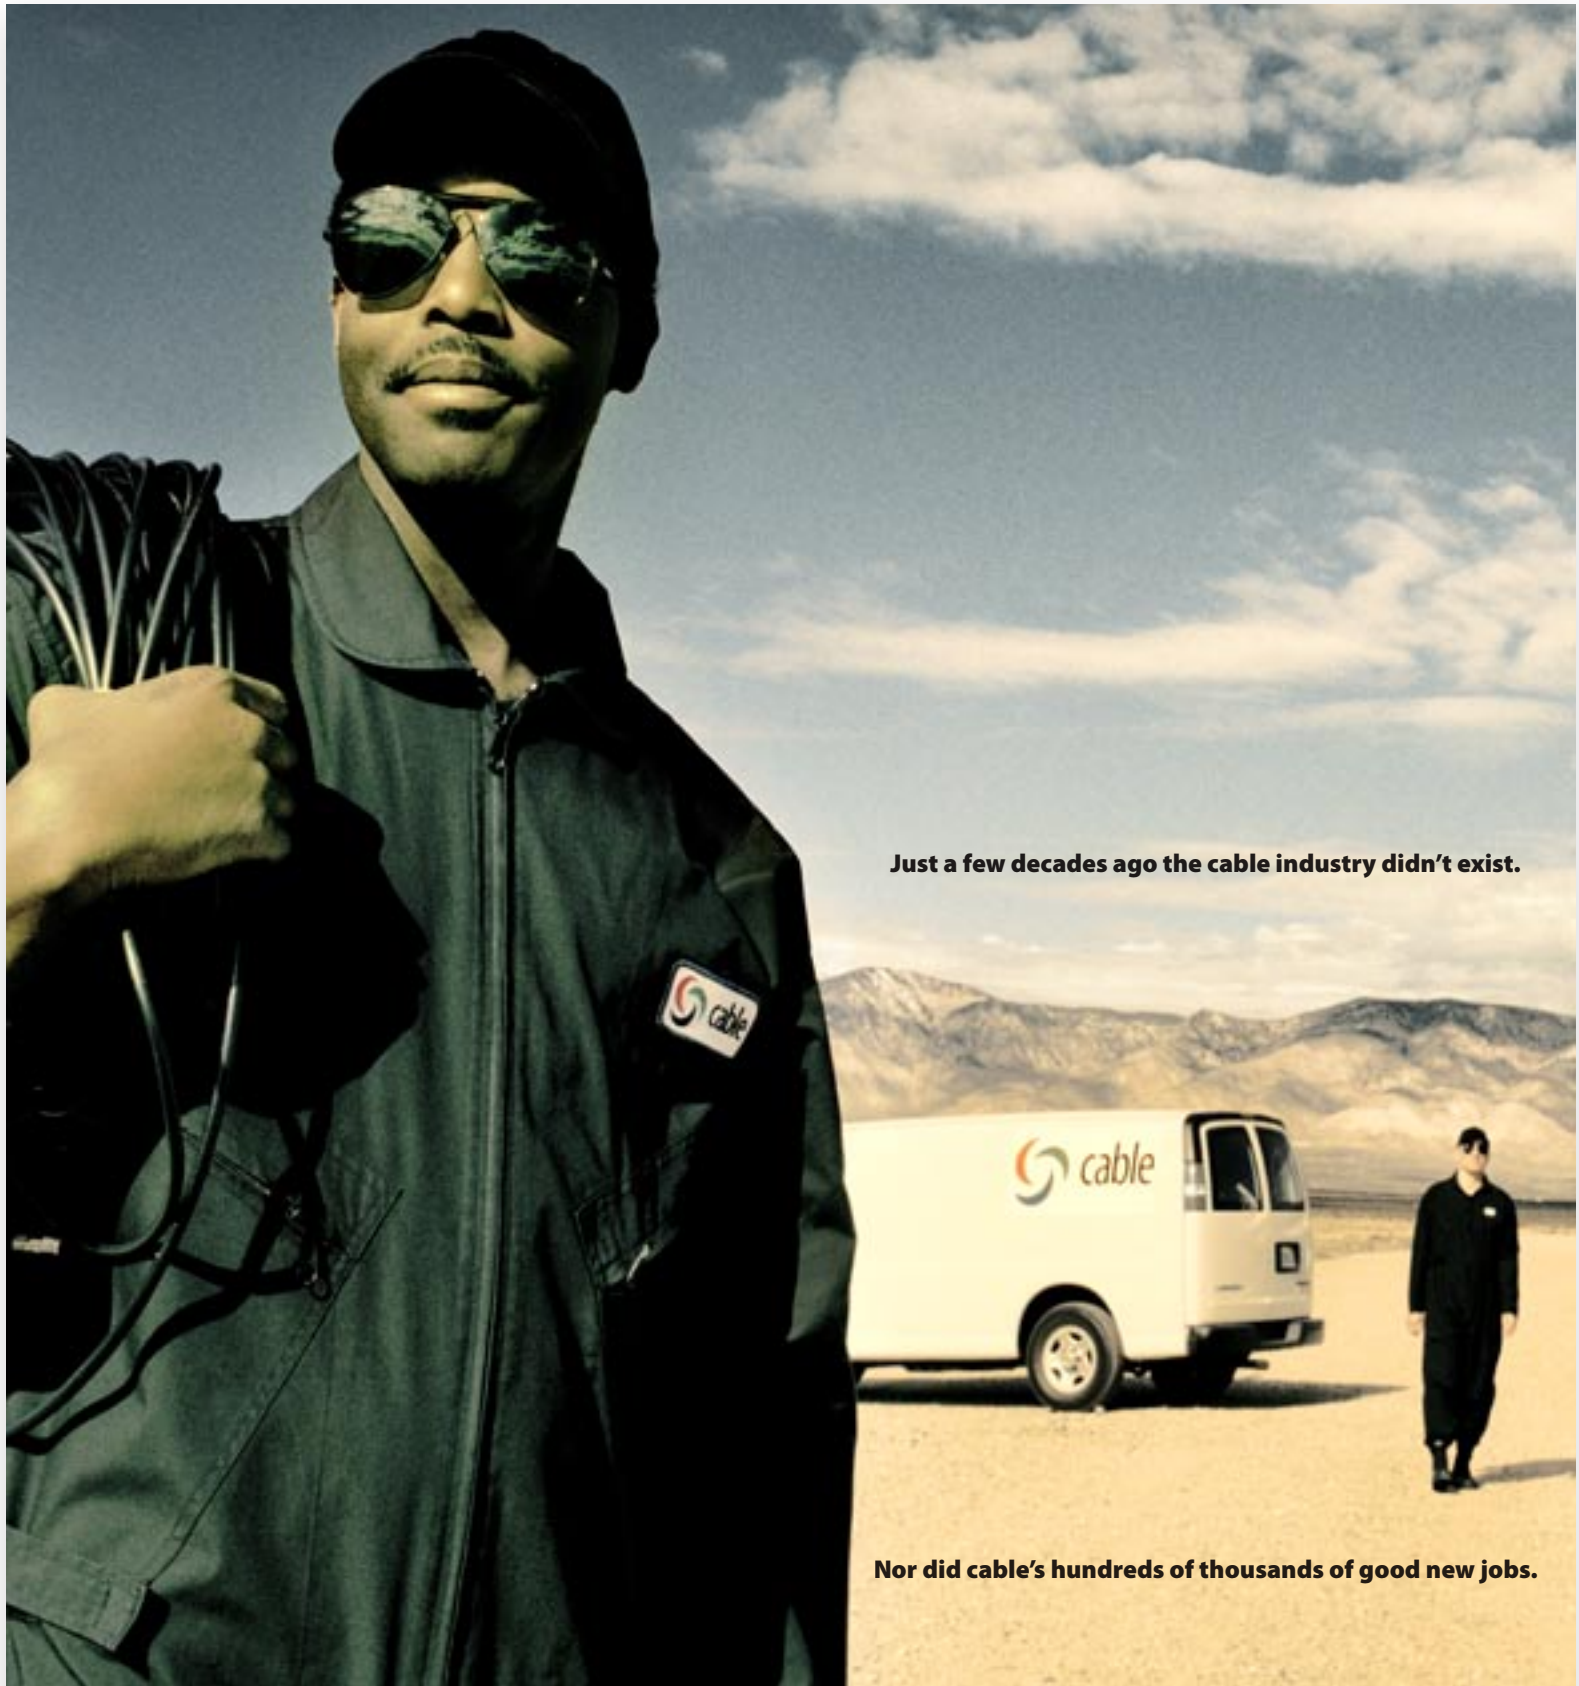

Cable provides America hundreds of thousands
of good new jobs.

A Great American Success Story

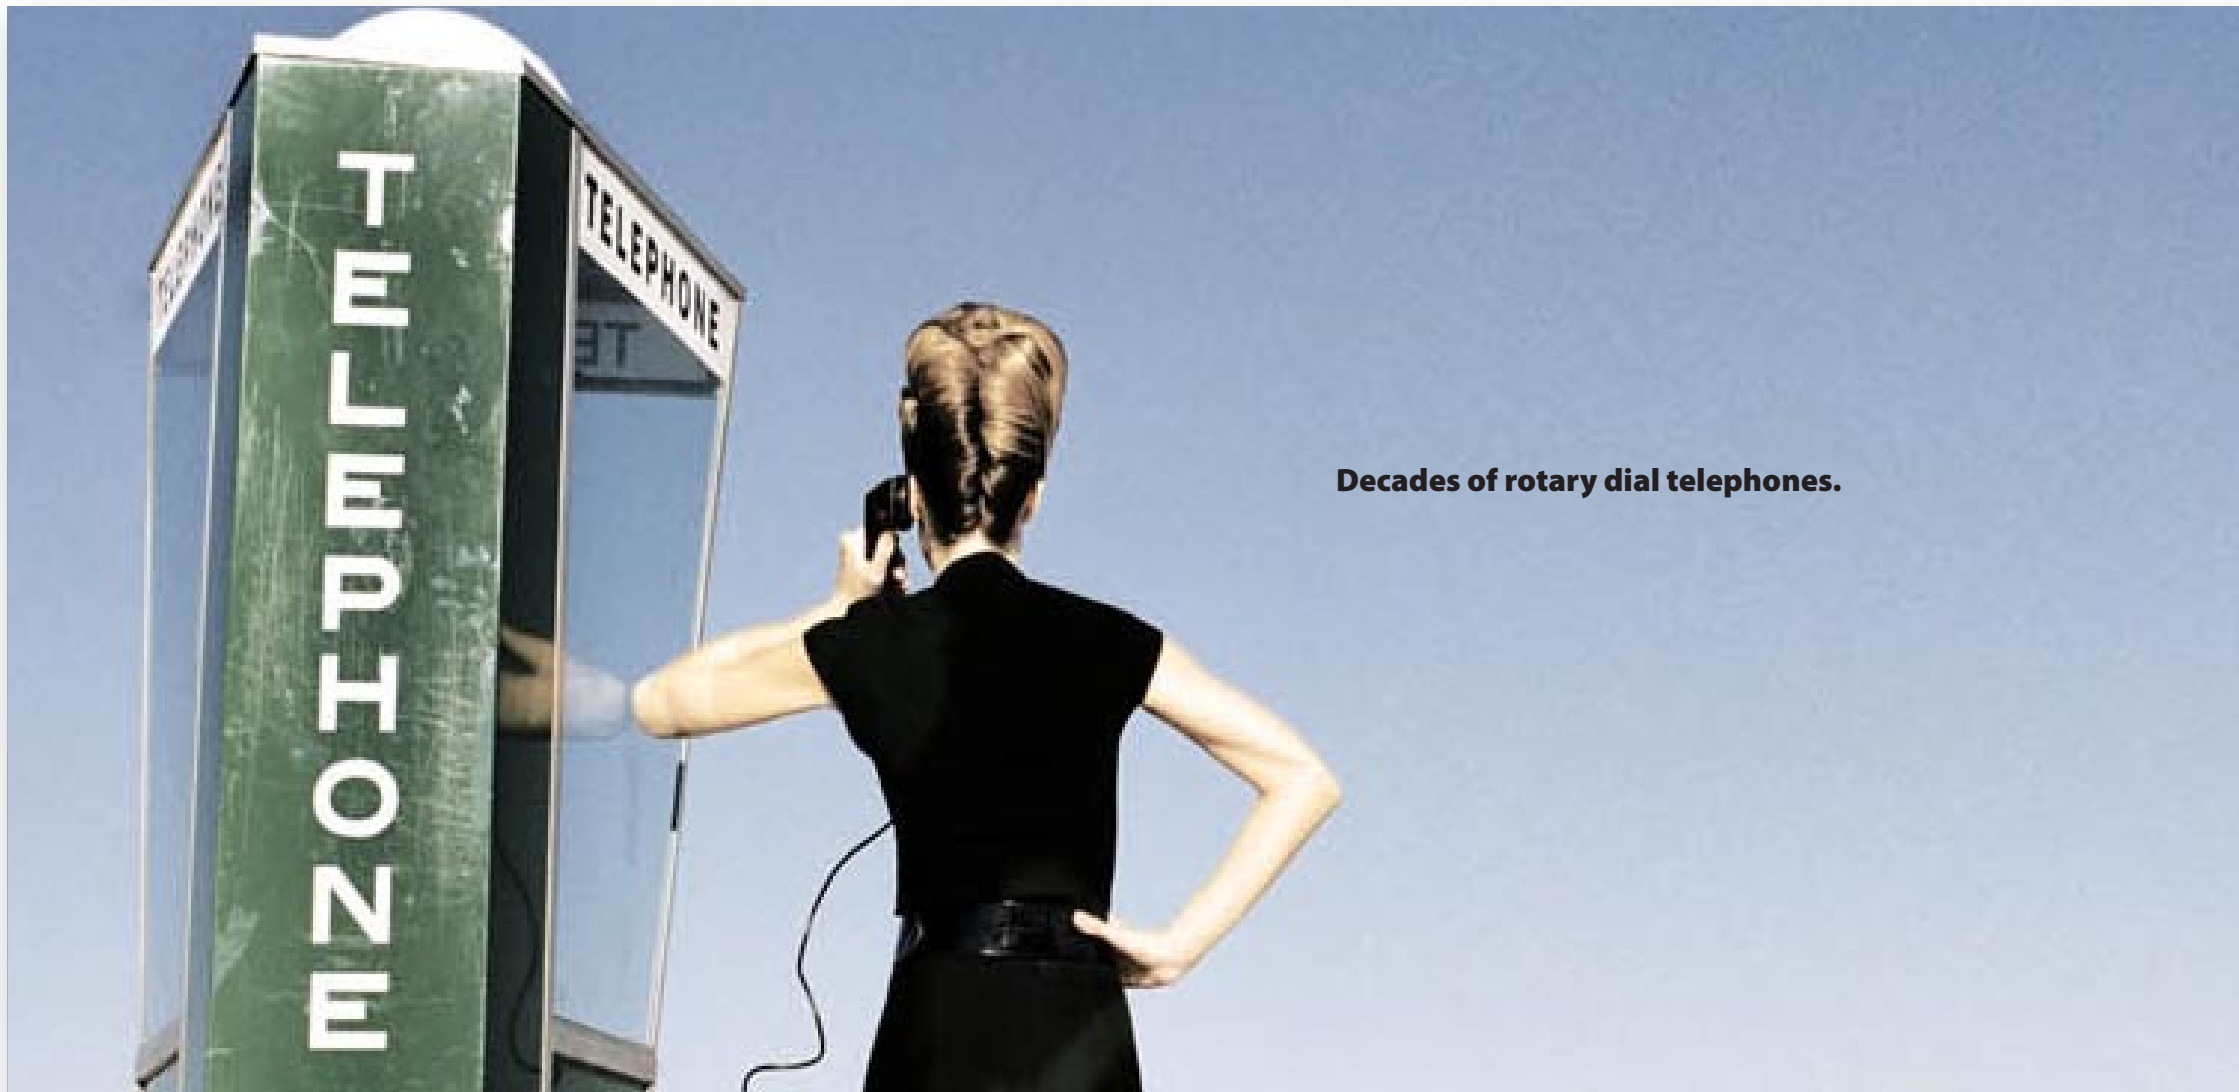

Just a few decades ago the cable industry didn't exist.

Nor did cable's hundreds of thousands of good new jobs.

Cable provides America meaningful employment.
